SECTION II

Ordinances

Ordinance Violations

The charge codes contained in this section are listed in ordinance violations order.

The Charge Code Manual is available on the Missouri State Highway Patrol website. A copy of this manual with the charge codes sorted in statute order is available on the Highway Patrol's web page along with the revisions and the quarterly supplements. The supplements contain any changes that may occur to specific charge codes after the legislative changes have been incorporated into the annual publication.

To access the charge code manual at the Highway Patrol's home page (www.mshp.dps.mo.gov), select "Publications" in the left hand index, then select "Handbooks/Manuals".

Descriptions of Column Headings:

Type - The offense types are all ordin= Municipal Ordinance Violations

Class - The classification is not needed for this section

Charge Code - The 8-digit charge code number assigned to a particular offense.

NCIC Code - National Crime Information Center Code - 4 digit code to be noted on each arrest

F/P OCN - (Fingerprint /Offense Cycle Number): A "Yes" in this column identifies offenses for which fingerprints must be obtained on the state criminal fingerprint (OCN) card and submitted to the Criminal Justice Information Services (CJIS) Division of the Missouri State Highway Patrol. A "No" indicates a fingerprint submission is not required. If fingerprints are collected and submitted to the CJIS Division, the fingerprints will be searched through the Automated Fingerprint Identifications System; however, a criminal record for the offense will not be created.

Literal Description - The literal description that relates to a particular offense.

Case Type - O=Ordinance "Case Type" is used by OSCA to categorize the various cases for management purposes.

SECTION III

Federal Charges

Federal Codes

The charge codes contained in this section are listed in Federal Statute order.

The Charge Code Manual is available on the Missouri State Highway Patrol website. A copy of this manual with the charge codes sorted in statute order is available on the Highway Patrol's web page along with the revisions and the quarterly supplements. The supplements contain any changes that may occur to specific charge codes after the legislative changes have been incorporated into the annual publication.

To access the charge code manual at the Highway Patrol's home page (www.msHP.dps.mo.gov), select "Publications" in the left hand index, then select "Handbooks/Manuals".

Descriptions of Column Headings:

Statute - The chapter and section of the United States Statutes (USC) that relate to a particular charge code.

Type - The seriousness of a crime as determined by federal statute (e.g. **Fel**= Felony, **Misd**= Misdemeanor)

Charge Code - Is the eight-digit code associated with a criminal offense that is divided into three segments. The first five digits are pre-assigned by the Office of State Courts Administrator (OSCA). The 6th and 7th digits are either pre-assigned or left blank. If the 6th and 7th digits are not pre-assigned, then a selection from the list of available NCIC modifiers, identified in the "Literal Description" column, will need to be made. The NCIC modifier provides additional information specific to an arrest charged and it triggers caution indicator used to enhance officer safety. The state modifier is the 8th and final digit that should be completed by selecting the applicable state modifier.

NCIC Code - National Crime Information Center assigns the first 2 digits; the last 2 digits should be selected by the officer from the list of modifiers

Literal Description - The literal description that relates to a particular offense.
